M. Jürgen Eberhart

To whom it may concern:

I have known Jürgen Eberhart for almost 2 years in a professional motorsport environment. Jürgen was ART Grand Prix main contact at HWA through 2015-16 DTM seasons. He was the liaison engineer between ART Grand Prix & HWA and was a key asset to the success of the collaboration between the 2 companies. As Technical Director from ART Grand Prix, I was best placed to see and judge Jürgen's work.

Over the 2 years I have worked with Jürgen, I have earned full confidence in his dedication to his work. Jürgen is a great professional and human being, he is very dedicated, capable, highly motivated, adaptive and curious, a good team player.

He fully answers to the role of DTM liaison engineer, reporting to the Technical Director and Chief Mechanic. His responsibilities have been much diversified, both, trackside and factory side.

I would warmly recommend him, he would be a great addition to any team.

Sincerely,

Gaetan Jégo  
DTM Technical Director – ART Grand Prix
